KROMANN REUMERT TESTIMONIAL

Kromann Reumert is the leading law firm in Denmark with offices in Copenhagen, Aarhus and London. Kromann Reumert is the only Danish law firm with an office in London. We have been present in the UK capital city for more than 25 years.

In late 2016, we engaged Rossen & Company to help us profile our London branch. With great assistance of these, Kromann Reumert has advanced to a thought-leading position on Brexit in Danish media, which culminated in 2017 with a 5th place ranking of Kromann Reumert in Danish Times-equivalent Berlingske's annual survey Guldimage; a survey based on over 4,000 business leaders' image-ranking of 140 known and leading companies in Denmark.

Rossen & Company has been a great component in managing our British thought-leadership position in Danish media and shown great understanding, initiative and ability to execute swiftly whilst delivering high quality results by securing the desired media coverage and giving relevant strategic advice.
